

## Hair Removal

Each of ALETRIS' bikini treatments include a high frequency current to kill bacteria at the site of hair removal and promote healing, and finish with a cooling masque of floral extracts to soothe irritated skin and prevent ingrown hairs.

bikiniBASIC \$45 removes hair outside the bikini line, comparable to a traditional bikini wax

bikiniBASIC+ \$50 removes more hair from the bikini line, but does not remove hair from the labia or bottom; commonly called a French bikini wax

bikiniBUM \$55 removes hair outside the bikini line and hair on the inner bottom

bikiniBARE \$75 our most popular sugaring treatment removes all hair in the bikini area, including the outer labia and inner bottom; commonly called a playboy bikini wax or full bikini wax

bikiniBRAZIL \$80 removes all hair in the bikini area, including the outer labia and inner bottom, leaving a precise triangle or strip in the front; commonly called a brazilian bikini wax

bikiniBOY \$85 removes all hair in the bikini area, including the inner bottom; commonly called a male brazilian bikini wax

## Chemical Peels

peelSMOOTH \$95 With results equivalent to two microdermabrasion treatments, this peel is a concentrated manual scrub that gently exfoliates to soften and smooth the dermis. Safe for pregnant and lactating women. boost your peel with a jessner layer for \$50

peelFRESH \$95 Achieve radiant skin with this universal vitamin C peel appropriate for all skin types. The gentle, painless action of the peel delivers vital nutrients to the skin while it repairs, nourishes and protects. An ideal first-time chemical peel.

peelBLU \$95 This blueberry-infused jessner chemical peel reduces fine lines, lightens hyperpigmentation, dries acne, purges blackheads and improves the appearance of mature skin. The chirally correct peel formulation and blueberry antioxidants produce excellent results with less post-inflammatory inflammation, down-time and discomfort than traditional jessner peels. each additional layer \$20

peelPURE \$120 This synergistic blend of chirally correct L-Retinol, salicylic acid, L-TCA, L-Lactic and L-Mandelic acids produces a moderate depth, detoxifying chemical peel that fights bacteria, heals acne lesions and calms irritation. Recommended for individuals with acne, oily skin, enlarged pores, hyperpigmentation and environmental damage. boost your peel with a jessner layer for \$50

peelRENU \$250 This chirally correct L-retinol and L-Lactic acid peel is a medium-depth dermal level peel that stimulates cellular turnover, increases natural moisture factors and removes dead skin cells. Recommended for individuals with hyperpigmentation, actinic keratosis, environmental damage, premature aging, scarring and acne. Expect light to moderate peeling for 3-5 days.

peelDeMER \$250 Our green peel of deep sea extracts deeply exfoliates to reveal fresh, luminous skin. boost your peel with a jessner layer for \$50

peelREVEAL \$400 An intense 35% L-TCA peel (the same strength as an Obagi Blue Peel) with added antioxidants to nourish skin. each additional layer \$100
